

## WHAT IS SEASPAR?

SEASPAR (the South East Association for Special Parks And Recreation) is a special recreation association that serves residents of thirteen communities in DuPage and Cook Counties

## WHAT IS A MULTI-SENSORY ROOM?

Multi-sensory rooms offer specially-designed interactive equipment that appeals to the auditory, tactile, olfactory, and visual senses. Multi-sensory rooms, like the ones offered by SEASPAR, primarily benefit individuals with autism, sensory processing disorders, and ADHD.

Two of SEASPAR's most exciting amenities are its multi-sensory rooms located at the Lisle Recreation Center and the Grand Avenue Community Center in Western Springs.

## ENGAGE YOUR SENSES

Both of SEASPAR's two multi-sensory rooms, Ray's Bay and Wonders, are designed to engage all of your senses! Each room is equipped with state-of-the-art technology purpose-built to stimulate your senses through hands-on equipment and environmental stimulants.

SEASPAR's multi-sensory rooms contain interactive equipment that pleases your senses in a variety of soothing ways. While at a SEASPAR multi-sensory room, you may embrace the calming atmosphere while relaxing on a oversized rocker chair, follow the motion of the bubbles as they flow and change colors within the bubble tubes, make music with the wave of your hand, enjoy relaxing aromas, make water ripple as you dip your toes into the digitally projected pond, or control vibrant colors and lights with the touch of your hand. Interactive options continue to grow and are only limited by your imagination.
